We knew parking professionals were a talented and hard-working bunch, but who knew they were so good with cameras?

Our thanks to everyone who entered our 2013 photo contest—we loved sifting through so many great photos and had more than a little trouble picking our winners.

We also send thanks to our talented crew of judges, including the design pros at BonoTom Studio, Inc., who make this magazine look so great every month.

Enjoy this year’s winning shots and keep those cameras handy—you have 10 months to take the perfect photo for next year’s contest. It’s never too early to start!

Congratulations to all of our winning photographers.
WINNERS BY CATEGORY

**Overall Winner**

Weiner Mobile
by Dave Fields, parking operations manager, SMG
Dave snapped this photo of the iconic Oscar Meyer Weiner Mobile parked outside the Colorado Convention Center last August.

**People in Parking**

Most Offbeat or Unusual
Meter Graveyard
by Larry Cohen, CAPP, executive director, Lancaster Parking Authority
Taken in a meter storage room in Pennsylvania.

Nature
Park n Go Sign on Green Wall
by Dareen Thielbar, parking enforcement officer, City of Vancouver, Wash.
THERE ARE LOTS OF REASONS WHY YOU SHOULD PAY ATTENTION TO THE GREEN PARKING MOVEMENT.
Here are the first 40.

There are more than 40 parking facilities in the U.S. and Canada in the public beta phase of the Green Garage Certification Program, developed by the Green Parking Council, an affiliate of the International Parking Institute. This will be the LEED* of garage certification—recognizing, verifying, and encouraging sustainable solutions in new, existing, renovated, and retrofitted parking garages. Find out how greening parking garages lowers costs, enhances value, boosts revenue, contributes to the community, and scores points with owners, tenants, and everyday patrons.

Join the movement: see a list of 40 beta sites, download the Green Garage Certification Handbook, and learn more at greenparkingcouncil.org/certification

Contact: Paul Wessel or Trevyr Meade at 203.672.5892 | info@greenparkingcouncil.org
