

THE EYE OF

THE WINNERS OF *THE PARKING PROFESSIONAL'S* 2015 PHOTO CONTEST

THE BEHOLDER

Parking professionals show off their creative eyes in *The Parking Professional's* annual photo contest, with amazing results.

IT'S THE MOST WONDERFUL TIME OF THE YEAR—photo contest time! Every year, IPI staff gather 'round to judge the entries we get from parking professionals in all parts of the industry. This year was particularly tough to judge, with a record number of entries and lots of really

difficult decisions. Parking professionals are a creative bunch! Thanks to everyone who entered this year's photo contest and many congratulations to this year's winners! The 2016 contest will launch this fall—keep an eye out and be sure to enter.

BEAUTIFUL

Photographer: Ryan Willis

Computer User Support Analyst 2, Oregon Health & Science University

Ryan may be the luckiest guy we know—look how amazing his morning commute is! This is a shot of the morning light over the TriMet Orange Line in Milwaukie, Ore. We'd never linger for a second cup of coffee at home if our morning drive looked like this.

LOT

Photographer: Laurel Von Ragan

Project Manager, Oregon Health & Science University

Laurel snapped this gorgeous reflection of the Ross Island Bridge in a parking lot puddle in South Waterfront district, Portland, Ore. If only all rainy days produced such beautiful results.

PEOPLE

Photographer: Graham Crothers

Creative Content Executive, ParkCloud

ParkCloud transformed its front lot into a Park(ing) Day haven of peace and serenity. Two teams participated in an all-day yoga session, and this photo was one result. Namaste.

STRUCTURE

Photographer: Gina Amo

Supervisor, Parking and Ground Transportation, Spokane International Airport

The calm before the storm—Gina took this photo of her department's new parking office and exit lanes early the Sunday after Thanksgiving, which is a bit of a banner day for airports. The resulting shot was worth the day's chaos!

TECHNOLOGY

Photographer: Larry J. Cohen, CAPP

*Executive Director,
Lancaster Parking
Authority*

We love this creative shot of a parking kiosk locker room!

OFFBEAT / UNUSUAL / FUNNY ▶

Photographer: Michelle Rasmussen

Director of Parking and Transportation Services, Eastern Washington University

Not so fast, officer—your chopper's outside the lines. It's a tough crowd at Eastern Washington University, where even a police helicopter isn't immune from parking citations.

BEST IN SHOW ▶

Photographer: Sean Rodgers

Associate Director of Transportation and Parking, Oregon Health & Science University (OHSU)

Does OHSU have a pretty parking lot or what? Sean has probably never been so glad to have to wait for an electrician to fix a pay station, which is exactly what he was doing when these trees caught his eye and he reached for his camera. Thanks for the beautiful photo, Sean!
